 Painting and Paperhanging at Lowest Rates.

**WATCHMAN GAGGED.**

Overpowered by Masked Men Who Made Off With \$2,000.

New York, July 21.—Five masked men blew open the safe in the office of the New York & Stratford railroad at Port Chester, N. Y., with dynamite about daylight this morning, and stole yesterday receipts of the office, amounting to about \$2,000 in cash. The robbers forced an entrance by breaking the catch on a window. James McGone, a night watchman, who heard them at work at the window and came upon them just as they were about to attack the safe, was overpowered, bound and gagged, and tied to a chair. The thieves escaped with the money.

**GROUND BONE**

The greatest fertilizer known for pot plants. Always in stock at SILVERSTEIN FERTILIZER CO., City Market.

**VOYAGE OF LAUNCH.**

Little Vessel on Way to England Twice Spoken at Sea.

New York, July 20.—The Abiel Abbot Low, the 38-foot launch in which Capt. Henry Newman, a New England boatman, accompanied by his 16-year-old son, sailed from College Point, L. I., on July 9th, on a voyage to Falmouth, England, was reported spoken by two vessels which reached this port today. Capt. Ivan E. French, barque Tontrille, from Nantes, reports having sighted the craft July 13th, in latitude 40.33 degrees north and longitude 31.32 degrees west, but it was so far away that he could not communicate with its occupants. The American liner St. Louis, from Southampton and Cherbourg, also reported having sighted the Low. The little boat exchanged colors with the big liner on July 18th, in latitude 41.34 degrees north, longitude 55.35 degrees west. The two occupants appeared to be in the best of spirits and waved their caps to the officers and passengers of the St. Louis. Capt. Newman expected to reach England in less than 30 days.

**TWO BROTHERS DROWNED.**

Chicago, July 21.—Jumping into the Calumet river to escape an explosion they feared would follow the breaking of a gasoline tank on their launch, Chas. Kabeck and his brother Duffy were drowned last night. The accident occurred at 141st street and was caused by a projecting edge of the gasoline tank coming in contact with an abutment of a bridge.

**FARMER'S DEATH.**

King City, Mo., July 20.—The remains of William York, a wealthy farmer, who disappeared last Monday, were found today in a hog lot three miles from here. The skull and thigh bones were all that remained. Mr. York was 56 years old and feeble. It is supposed he was attacked with heart failure and while prostrate was attacked by hogs.

**CABINET COUNCIL ON ROYAL YACHT**

**HIS MAJESTY WILL SHORTLY MEET MINISTERS**

**Premier Says Sir Michael Hicks-Beach's Resignation Does Not Mean a Change of Policy.**

(Associated Press.)  
 London, July 22.—The weather was less wintry at Cowes, Isle of Wight, this morning, and the reports from the royal yacht Victoria and Albert continue to chronicle King Edward's improvement. It is said that he walked a few steps yesterday.

The king will hold his first council since A. J. Balfour became leader shortly on board the yacht. It is expected that the name of the lord lieutenant of Ireland, to succeed Earl Cadogan, whose resignation was made public on July 17th, will then be announced.

No Change.

London, July 21.—Replying to a question of Henry Labouchere in the House of Commons, intended to elicit a statement as to whether the resignation of Sir Michael Hicks-Beach, the chancellor of the exchequer, indicated the possibility of the adoption of a protective policy, the premier, A. J. Balfour, said today that there was no ground for the belief that any policy settled upon by the cabinet while the chancellor was a member of it would be changed by his retirement.

**FRIDAY'S FIGHT.**

Pavilion in Which Jeffries and Fitzsimmons Will Meet Is Nearing Completion.

(Associated Press.)  
 San Francisco, July 22.—Manager DeLaney announces that Jim Jeffries is in the finest fettle and will climb through the ropes on Friday night in fight for a reputation. Jeffries is alternating in his days of heavy work with "stale" condition. He goes at his work like a Trojan. This method he finds agrees with him, and it keeps him on a vigorous edge. Jeffries has taken out nine pounds in 30 hours, but this is not extraordinary for a man of his peculiar proportions. He now weighs in the neighborhood of 225 pounds. He expects to tip the beam at or about 217 when he fights. Jeffries will continue his training in this city today, doing road work in the park and light gymnasium exercises at the Olympic club.

The canvas-covered pavilion in which the fight will take place is nearing completion. The structure, which is in place and a sort of wooden canopy to hold the light has been built over it. The arena is of octagonal shape, with all the seats built on the ground except the gallery, which consists of eight tiers of boards similar to the bleachers at a ball ground, rising at an angle that will give all occupants an uninterrupted view of the encounter. To economize in space as much as possible, the seats have been placed very close together and the distance from the centre of the ring to the most distant part of the enclosure is only 87 feet.

**ARCHBISHOP OF MANILA.**

It Is Probable That Bishop Messmer Will Be Appointed.

(Associated Press.)  
 Rome, July 22.—Beside an apostolic delegate for the Philippine Islands the Vatican is preparing to appoint the archbishop of Manila, who will probably be Bishop Sebastian Gebhart Messmer, a Swiss professor of canon law at the Catholic University of Vienna since 1890. Three new Philippine dioceses will also be created.

Governor Taft, before starting for Naples to visit Europe, expressed a desire that the bishop of one of the new dioceses be a native Filipino.

Major Porter has started for Paris to spend a few days there before returning to Washington.

**OVERDUE IN PORT.**

French Barken Brens Has Arrived at San Francisco From England.

(Associated Press.)  
 San Francisco, Cal., July 22.—The long overdue French barken Brens, upon which there has been some speculation, which the rate of insurance reaching 35 per cent—its last in port from Newcastle, England, having arrived with a cargo of 2,975 tons of general merchandise. The Brens, according to Capt. Brette's report, was off the port ten days, most of the time in a dense fog. She had previously been delayed by adverse winds.

**TO SAVE LIVES.**

New York, July 21.—In order to save the lives of unfortunates while boating above the falls are caught in the current that runs to the cataract, it is proposed, says a Niagara Falls dispatch to the World, to string a line of buoys extending from the American mainland above Goat Island to a point on the Canadian shore near Chippewa. These may be connected by a wire rope and bear electric lights. A life saving crew is about to be organized and a station built above the upper rapids.

**CROPS DAMAGED.**

Jameson, N. Y., July 21.—Another terrific storm passed over Chautauque county yesterday and last night, doing great damage to growing crops, delaying traffic on the Erie & Dunkirk, Allegheny Valley, and Pittsburgh railroads, and cutting such holes in highways that travel across country is almost impossible.

**CHILDREN BURNED.**

Walla Walla, July 21.—While playing with matches in their father's barn the 5 and 3-year-old sons of John Smith, dealer in agricultural implements, were burned to death.

**THE TORNADO AT BALTIMORE.**

In Addition to Loss of Twelve Lives Much Property Was Destroyed by Wind.

(Associated Press.)  
 Baltimore, Md., July 22.—The tornado which suddenly struck this city yesterday afternoon, involving the loss of 12 lives and a widespread destruction of property, was the severest which has been known in this latitude for seventeen years. A careful estimate by police headquarters to-day shows that 200 houses were unroofed, and one of the Williams street Independent Methodist church was lifted in the air and blown over the roofs of other houses, to a distance of 150 feet. The spire of the Holy Cross Catholic church was blown to the ground. A part of the roof of the Trinity Protestant Episcopal church was blown off, while the historic steeple of St. Mary's Star of the Sea Catholic church was completely wrecked. Public squares and parks are considerably wrecked.

Shower of Pumice Stone.

Baltimore, Md., July 22.—It has just become known that during last Sunday's tornado showers of pumice stone fell in some places. There is a mountain of pumice more than a bushel of particles fell, each about the size of a pea. Residents of neighboring streets had the same experience. There is a mountain of pumice in this region, and the phenomenon has aroused much speculation. The pumice, when crushed, has a sulphur odor, and it is suggested that it may have been blown from some active volcano. Scientists here will investigate the matter.

**THE CONDITION OF GOVERNOR ROSS.**

(Special to the Times.)  
 White Horse, Y. T., July 22.—Governor Jas. H. Ross, of this territory, suffered a severe stroke of paralysis on Wednesday while on the steamer coming from Dawson to White Horse. The severity of the attack was only discovered upon his arrival here on Friday at noon. Doctors Pare and Nicholson, who were called, found Mr. Ross suffering from a paralysis of the right side. He was taken to the residence of Major Snyder, commanding officer of the police, and has since been given all possible care and attention. The physicians enjoin the utmost quiet, and permit no body to see the patient.

Little improvement is yet noticeable, but strong hopes are entertained of his slow but ultimate recovery. He is unconscious, but cannot articulate clearly. The regret and sympathy here is universal.

Resting Easily.

Ottawa, July 21.—Comptroller White has received a telegram from White Horse, dated July 21st, stating that there is a slight improvement in the condition of Governor Ross. He rests easily, takes nourishment, and the pulse and temperature are normal.

**SOUTH AFRICAN TRADE.**

Commission's Report Says America Will Be the Greatest Menace to Britain.

(Associated Press.)  
 London, July 21.—The trade commission sent out to inquire into the best methods for promoting British trade in South Africa seems much impressed with the great activity of the Americans. In its first report sent home the commission says America will be the greatest menace to British trade, adding that the Americans are making a fine effort to get and hold the market, and are introducing their practice of specialization and concentration with the same result so well exemplified in other parts of the world.

**LANCASHIRE SPINNING MILLS.**

Representatives of American Cotton Growers Offer to Purchase Properties.

(Associated Press.)  
 London, July 21.—The Westminster Gazette says that the directors of a number of spinning companies in the Ashton and Talybridge districts of Lancashire have been approached by agents of American cotton growers with the view of selling the former's properties. Meetings of the shareholders of the concerns affected will be held at an early date to consider the matter.

**MURDERER ESCAPED.**

Stone Worker Killed His Wife and Another Boarder.

(Associated Press.)  
 Harrisburg, Pa., July 22.—William Filler, a stone worker, shot and killed his wife, Clara Filler, and Harry Bennett, today, at Steelton, near here. The Filler and Bennett boarded at the same house, and it is alleged that Filler was jealous of Bennett's attention to his wife. The murderer escaped and is still at large.

**TWO CHIEFS ESCAPE.**

They Broke Through Constabulary at the Mountains.

(Associated Press.)  
 Manila, July 22.—Montallon and Felizardo, the Ladrono chiefs, have broken through the constabulary cordons in Cavite province and have escaped to the mountains. A number of Ladronos were killed in earlier attempts to force the cordons.

**CHOLERA DECREASING.**

Manila, July 22.—Cholera continues to decrease in the city and provinces. The authorities think the epidemic is less virulent.

**RAILWAYS CONTROL THE SITUATION**

**SENATOR G. A. DRUMMOND ON SHIPPING COMBINE**

**A Canadian Examined To Day by the House of Commons Committee on Steamship Subsidies.**

(Associated Press.)  
 London, July 22.—The House of Commons committee appointed to inquire into the question of steamship subsidies was in session today and examined Senator G. A. Drummond of Montreal.

Mr. Drummond said that he had arrived at the conclusion from recent developments in American shipping combine that the local lines practically controlled the situation, and that the ocean lines were merely adjuncts. At first sight it would appear that the purchase of a number of old British steamships by the American combination could be remedied by building new boats. But he believed that if this were done by a new organization it could be made unprofitable by the Americans, who by means of through bills of lading from the producing centres, could control freights as well as a considerable portion of the passenger traffic.

He believed that the only hope of escape from the control of the American shipping combine lay through Canadian service of twenty-two knot steamers between Great Britain and Halifax instead of New York. Such a line ought to be subsidized to the extent of £300,000 to £400,000 yearly for ten years, half payable by Great Britain and half by Canada. Therefore he believed if judiciously managed the line would be self-supporting. It would be advantageous to both countries to cement the trade between Canada and Great Britain.

Rear-Admiral Lord Charles Beresford told the committee that he did not favor fostering trade by means of bounties, and gentlemen of the enclosure bag effecting the greatest importance to Great Britain owning a mercantile marine containing vessels of great speed, and favored postal subsidies for the encouragement thereof. Lord Beresford suggested that the government might build twenty-four work trawlers and allow the companies to work them, the government sharing in the profits.

Discussed By Premiers.

London, July 22.—The conference of the colonial premiers to-day discussed ship subsidies from the double standpoint of a commercial carriage of goods and combating the subsidy policy of foreign governments. Nothing of definite character, however, was accomplished.

**CROFTON NEWS NOTES.**

Large Number of Excursionists Visited the Smelter Town on Sunday.

(Special Correspondence of the Times.)  
 Crofton, July 20.—The town looked very gay and busy today. Two big excursions came in. The steamer Stratocoma arrived about 11 o'clock with a crowded boat, and shortly after the steamer Lord Nelson, which was the Stratocoma, went on to Sidney, but Joan tied up to the wharf until 4 p.m. Both excursion parties enjoyed themselves immensely, and the Nanaimo hotel delighted the hearts of the Croftonians with some fine music during the afternoon. Mr. Pearce, of the Osborne hotel, and Mr. Conlin, of the Crofton, had their rooms full attending to the needs of the happy crowd. The Joan got a regular salute from the boys in the town, and Mr. Conlin, of the Joan got a regular salute from the boys in the town, and Mr. Conlin, of the Joan got a regular salute from the boys in the town.

**THE KING'S PRIZE.**

Lance-Corporal Cole, of the Dorset Regiment, Won the Bronze Medal—Canadian Scores.

(Associated Press.)  
 London, July 22.—The first stage of the shooting for the King's prize at Bisley was completed today. Lance-Corporal Cole, of the Dorset Regiment, was the winner of the National Rifle Association's medal, bronze, with a score of 103.

The best Canadian scores were: Capt. Reenie, 97; Capt. Davidson, 96; Major Mitchell, 95; Sergt. Smith, 95; Major McRobbie, 95; Capt. Jones, 94; Private Peattie, 94; Sergt. Mortimer, 94.

In the shooting for the Kolapore cup, 200 yards England made the best score, 253. Canada was third with 229.

When the 500 yards' range shooting for the Kolapore cup was completed Canada assumed the lead with an aggregate of 519. Australia was a close second with 515. Australia eventually won the cup with a score of 770, and England third with 755.

**THE LATE J. W. MACKAY.**

Remains Embalmed and Placed in Casket Ready for Removal From London.

(Associated Press.)  
 London, July 22.—The Cunard line steamer Saxonia, sailing from Liverpool for Boston to-day, has a wireless telegram for Clarence S. Mackay, son of the late John W. Mackay, who sailed from New York on Saturday, July 19th, on the Campania of the same line. The Saxonia expects to communicate with the Campania tomorrow or Thursday.

The remains of Mr. Mackay have been embalmed and placed in a metallic coffin, which is now resting in the music room of the Mackay residence, surrounded by flowers which have been sent in great profusion. Cards, letters and telegrams from many distinguished persons in all parts of the world continue to arrive in great numbers. Mr. Mackay is as well as could be expected.

**CARDINAL DEAD.**

He Was Created by the Late Pope Pius IX.

(Associated Press.)  
 Rome, July 22.—Cardinal Ledochowski, prefect of the congregation of the propaganda of the Roman church, died this morning after a long illness. Cardinal Ledochowski was born at Cork on October 20th, 1822, and was a descendant of an illustrious Polish family.

Cardinal Ledochowski was greatly distressed and exclaimed: "A valiant fighter for the church and religion has gone. His memory be blessed, the pontiff then knelt and prayed for the repose of the cardinal's soul."

With Cardinal Ledochowski's death, Cardinal Saez-Saez and Lascazoli are the only surviving cardinals created by Pope Pius IX.

**NINETY-SIX MISSING.**

Number of Lives Lost By Sinking of Steamer Prima Larger Than at First Reported.

(Associated Press.)  
 Hamburg, July 22.—The survivors of the steamer Prima, of Hamburg, which with 185 passengers on board was cut in two and sunk by the tug Hansa on the River Elbe yesterday, say that 96 of those who were on board that vessel at the time of the disaster are missing.

**DIED ON TRAIN.**

Fort William, Ont., July 22.—Lawrence Garant, of Cranbrook, left for his old home in Carleton Place to die, but expired on the train last night near Temec. The body was shipped East on the Imperial limited.

**OFFICERS ELECTED.**

Business of Grand Lodge Native Sons Completed This Morning—Committees Appointed.

The delegates to the grand lodge convention of Native Sons were in session all day yesterday and this morning until about 3 o'clock, before the business was completed. It was the desire of some to get away as soon as possible, and on this account no delay occurred in the handling of all necessary business. Officers were elected for the ensuing term last evening, and the different committees were appointed. The constitution and by-laws of the Grand Post were amended, and the code of by-laws and constitution governing sub-posts was adopted. The election of officers resulted as follows:

Grand factor: J. Stuart Yates, Victoria; deputy grand factor: W. S. Morris, Nanaimo; grand treasurer: Geo. T. Fox, J. G. Ure, Vancouver; grand secretary: A. G. Hays, Vancouver.

The results of the selection of the respective committees are as follows: Finance committee: Phil. H. Smith, M'Beane, and per diem: Geo. T. Fox, J. G. Ure and J. E. L. Muir. Arbitration and appeal: Sam Sea, Jr., J. G. Ure, V. W. Stewart, J. Wilson, J. E. L. Muir, W. H. Ker and W. C. Mowbray.

Committee on laws: Phil. H. Smith, W. C. Mowbray, and A. G. Hays. Committee of printing: Phil. H. Smith, F. J. Stannard and W. S. Morris. State of the order: V. W. Stewart, S. and J. G. Ure. Finance committee: G. T. Fox, V. W. Stewart and J. G. Ure. District deputy grand factors: Post No. 1, Victoria, S. Sea, Jr.; Post No. 2, Vancouver, J. G. Ure; Post No. 3, Nanaimo, J. E. L. Muir.

**ANOTHER SHOCK.**

Earthquake Caused Panic at Kingstown, Where People Flew From Houses in Night Clothes.

(Associated Press.)  
 Kingstown, St. Vincent, Monday, July 21.—There was another terrific earthquake here at 1.10 o'clock this morning. It was of long duration, and was accompanied by a repetition of the phenomena of last Thursday. The shock caused intense excitement among the inhabitants, and many fled from their homes in their night clothes into the streets and remained out of doors until daylight. Partially demolished buildings are being pulled down for public safety. There was a thunderstorm last night. Today the weather is very squally and the sea is receding. Some people anticipate a tidal wave.

Was Local.

St. Thomas, D. W. I., July 22.—The earthquake at St. Vincent yesterday, according to advices received here today, was local and appears to have been confined to within a certain area with Kingstown, the capital of St. Vincent, and its vicinity, apparently the centre.

**WILL BOMBARD TOWN.**

Cape Haytien Is to Be Attacked by Land and Sea.

(Associated Press.)  
 Cape Haytien, July 22.—The local authorities have notified the consular corps that Cape Haytien is to be attacked by land and sea, and that they cannot guarantee the safety of foreigners. The consuls have requested that the French cruiser D'Assas, now at Port au Prince, be sent here, but the French minister there has replied that the situation at Port au Prince does not permit the sending of the cruiser to Cape Haytien.

Gunboat Dispatched.

Washington, July 22.—Secretary Moody, in a cablegram to-day to Commander McCross, of the gunboat Machias, now at Colon, directed him to proceed with that vessel to Cape Haytien in response to the request of the United States consul there. Orders were also sent to the gunboat Mariotta, directing her to proceed to Colon to take the place of the Machias, as soon as she has finished her present work on the Venezuelan coast.

**DEPENDED HIS BRIGADE.**

Fire Chief Wells Gives Evidence in the Inquest Now Being Held in London.

(Associated Press.)  
 London, July 22.—The Metropolitan fire brigade is receiving some hard knocks at the hands of the inquest engaged in the inquest upon the victims of the recent fire in Queen Victoria street, when nine young girls were burned to death because the ladders were too short to reach the fourth story of the building. Capt. Lionel D. Wells, royal navy, chief of the fire brigade, who was on the stand, originally defended his fire brigade in comparison with others, including the New York fire department. He ridiculed New York's 35-foot ladders, of which he handed in a photograph, saying: "We had one of those but we no longer have anything of the kind." Capt. Wells criticized the New York fire department reports, declaring the return of last year "did not even include the deaths at Hoboken fire."

**WILL ENTERTAIN PREMIERS.**

(Special to the Times.)  
 Vancouver, July 22.—The board of trade has decided to banquet the Australian premiers on the occasion of their visit to Vancouver.

A contract for running two miles of tunnel, for the Vancouver Power Company, between Lakes Beautiful and Coquitlam, was awarded this morning to Ironsides, Rennie & Campbell. The price is between \$200,000 and \$300,000. The work will be completed in two years, and two hundred men will be employed.

**FAMOUS PAINTER ILL.**

(Associated Press.)  
 The Hague, July 22.—James MacNeill Whistler, the American painter, who has been suffering from illness here, continues to progress favorably, but owing to his age and general weakness his health requires great care.

**SCALDED TO DEATH.**

(Special to the Times.)  
 Nanaimo, July 22.—Last evening Jos. Maffeo, aged two years, fell in a bath tub containing hot water while his father was preparing for a bath, and was so badly scalded that he died this morning.

**DUMONT, THE AERONAUT.**

(Associated Press.)  
 New York, July 22.—Santo Dumont, the aeronaut, who is scheduled to make a series of airship excursions near New York, arrived here to-day.

We Have Just Received a Shipment of Pure Drugs and Chemicals. For our Prescription Store. We are prompt, we are careful. We have the largest stock of toilet articles in the province, and would be pleased to have you call on us.

CUT HIS WIFE'S THROAT WITH RAZOR

SHOCKING MURDER BY FORMER SOLDIER

Another Mysterious Death in Toronto—Determined Suicide of a Confectioner at Halifax.

Halifax, July 21.—Six weeks ago Geo. W. Cooke, 45 years old, was married to Lydia Arnold, 42 years of age. To-night he cut off her head with a razor. Cooke and his wife had been living with the latter's sister. At 6.30 this morning the latter heard her sister scream and rushing up to the room found her sister lying on the floor with her throat cut from ear to ear. She ran to the nearest police station and an officer was sent up, who found Cooke lying on the bed, and had cut her throat with the razor. Cooke is an ex-soldier.

Suicide. Alexander Mackay, 45 years old, a confectioner, committed suicide by tying a stone to his feet and jumping into the sea in the Northwest arm last night. The body was recovered.

Strike Over. Toronto, July 21.—The electricians' strike is settled after a seven weeks' lockout. The minimum wage agreed upon is 25 cents for an eight-hour day. The union is also recognized.

Will Investigate. George Walley, 55 years old, shipper for Evans & Sons, wholesale druggists, was found dead in the basement of the warehouse yesterday with blood on his face, apparently from his nose. As this is the second death recently in the warehouse, a young shipper named Green having been discovered dying on a dition on June 7th, apparently from hemorrhage, and as two attempts of an incendiary nature have been made to set the warehouse on fire within the past two months, the police think there may be something more than accident or coincidence behind it all, and are investigating.

Fire in Quebec. Point aux Trembles, Que., July 21.—Larue's saw mill, butter and cheese factory were destroyed by fire on Saturday, loss \$15,000. It is reported there is no insurance.

Painful Accident. Cornwall, July 21.—Lilly Stacy, 19 years old, employed in the Stormont Mill of the Canada Colored Cotton Goods Company, had her hair torn off by a machine. She was fixing her hair preparatory to leaving work, when it was caught in the machinery.

Sad Case. Calgary, Alberta, July 21.—Three or four days ago a man was found on the bank along Nose creek, about 15 miles north of the city, by two boys. The man was without boots and his clothes were in a very bad condition. He was famished and had not had any food for five days. He was apparently insane, and could not tell his name, but said that he thought he had come from Vancouver, and had been without food for five days.

Winnipeg Exhibition. Winnipeg, July 21.—Winnipeg is crowded with visitors for the summer industrial exhibition. In spite of the increased accommodation of most of the hotels, they were full to-day with exhibition visitors. This year's crowd, it is thought, will be record one, and from present indications this idea is a well grounded one. Every train that arrives brings in large crowds even at this early date. The fair was formally opened this afternoon by His Honor the Lieutenant-Governor, Sir Daniel McMillan.

SITUATION IN HAYTI. It is Probable There May Be Severe Fighting in Near Future.

Cape Haytien, Hayti, July 21.—The department of Arbonne has proclaimed Firmin, the former minister of Hayti at Paris, president, and the inhabitants of the arrondissement of St. Michael and the commune of Marmelade have joined with those of Arbonne with the view of marching on Cape Haytien. General Jean Jumeau, who is supporting M. Firmin, has received at Gonaves, by steamer Valencia from New York, 200 tons of coal and ammunition for the steamer Crete Apierrot, and the situation here is alarming. The general opinion is that Gen. Jean Jumeau intends marching on Port au Prince, and that he will send the Crete Apierrot with troops.

Port au Prince, Hayti, July 21.—The situation in Hayti has become worse. Gen. Jean Jumeau, who supports the candidature for the presidency of M. Firmin, is on his way to the capital, and Gen. Sarrailh, with a considerable force, has started for Cape Haytien in order to attack Gen. Norde, the war minister. The provisional government has been divided into four parts, one Firminist and three anti-Firminist groups, and without any authority. The population is also divided, and in the general belief that M. Firmin will not meet with any serious resistance in his advance on the capital.

The remains of John W. Mackay, of San Francisco, who died in London on Monday evening, will be taken to New York for interment in Greenwood cemetery, Brooklyn.

Dr. Pierce's Pleasant Pellets cleans the clogged system from impurities.

HARVESTERS DROWNED. Ferry Boat Sunk and Fifty-eight Lives Lost.

Hamburg, July 21.—The sinking of the steamer Primus in the Elbe, by which 50 persons lost their lives, has caused deep gloom here. Many children lost both their parents. The choral society, which was on board the excursion steamer, consisted mainly of workmen. There were no foreign passengers. Capt. Peterson, of the Primus, swam ashore and gave himself up to the police. Capt. Sacher, of the Hansa, also surrendered. The Primus was the oldest boat in the Elbe. She was built in England in 1854, and had never before met with an accident. The Hamburg-American line, which owns the tug Hansa, issued a statement to the effect that the weather was fine, the moon was shining, and that both vessels were steering absolutely straight. The Hansa tried to immediately stop for the Primus to take, to go full speed astern, was carried out immediately, but without avail. Less than a minute elapsed before the time the Primus changed her course and the collision. Boats were immediately lowered from the Hansa, ropes and ladders were thrown overboard. Fifty persons were rescued by the boats. At the same time the Hansa tried to push the Primus ashore, but being of deeper draught grounded herself before the passenger boat. The Primus floated down stream and sank 300 feet from the Hansa.

Another Disaster. St. Petersburg, July 21.—A ferry boat while crossing the river Volga to-day at Beresnia sunk and 58 harvesters were drowned.

News of Disappearance of Money From Deposit Company's Strong Boxes Caused Excitement.

Chicago, July 21.—News of the disappearance of nearly \$50,000 belonging to the Masonic Temple Safety Deposit Company last Saturday had spread to such an extent to-day that it caused a run on the bank. When business began to-day there was a struggling crowd of men and women depositors in waiting who feared for money and valuables that they had deposited in the company's strong boxes. For a time the company's office force could not cope with the demand for verification of signatures and in the confusion the clerks were unable to open the boxes fast enough to keep down the crowd. The police have secured no clue as yet to the disappearance of the currency belonging to the union truckmen.

MAY YOHE'S JEWELS. Over Two Hundred Thousand Dollars' Worth Have Been Stolen.

New York, July 21.—A formal complaint of grand larceny was made against former Capt. Strong, by May Yohe, who visited police headquarters, accompanied by her mother and her lawyer, and there charged Strong, who recently disappeared from his home at Hastings, with the theft of jewels, which she values at \$250,000. Her complaint was entered and a general alarm was sent for the arrest of Strong. Miss Yohe's counsel said that the safe in the Knickerbocker Safe Deposit, where Miss Yohe kept her jewels, were opened to-day, and it was found that her jewels valued at \$250,000 had been removed, nothing of value having been left in the safe but a few trifling trinkets. Pawn tickets calling for \$100,000 worth of the missing gems have been recovered.

The man on the stage who does the trick of escaping from firmly tied ropes, submits to the bonds with a smile. He knows he can get out of the ropes that are being knotted. Put the same man in the woods and let Indian captors bind him to a tree for torture and he would struggle to the last against the bonds. When the stomach is diseased there are bonds being woven every hour about the organs dependent on the stomach—heart, lungs, liver, kidneys, etc. The folly of mankind is to passively submit to the fastening of these bonds with no effort to escape until the pain they cause arouses fear. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys and other organs, when these diseases, as is often the case, have their origin in the diseased stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys and other organs, when these diseases, as is often the case, have their origin in the diseased stomach.

A Model Bathroom. Is a most essential feature of the model house, as it is a necessary comfort to any home. Better put money in perfecting the sanitary system, thereby securing the health and comfort of your family, than spending it for the furnishings. Will meet every requirement at moderate cost.

THOSE WHO PASSED IN EXAMINATIONS

SOUTH PARK GIRL WINS THE GOVERNOR'S MEDAL

Highest Percentage of Successful Candidates in the Nelson District—General Results.

The results of the High school entrance examinations held last month throughout the province show that 274 candidates passed out of 420 who presented themselves for examination. The examinations were held at Nanaimo, New Westminster, Nelson, Rossland, Vancouver, Vernon, and Victoria, and taking these centres, Nelson has the highest percentage of successful pupils, and Sapperton school has the percentage of the different schools with four entries and four passed.

The Hibben cup for the highest average of marks obtained by any Victoria school was won by the Central with 74.5, the North Ward school being second with 71.4, and the South Park school third, with 68.6.

The Governor-General's medal for the candidate obtaining the highest number of marks in the examinations is won by Wilhelmina Baxter, of the South Park school, who secured the high number of 908 marks out of the possible 1,200.

Table showing the percentage of successful candidates at various schools. Columns include School Name, Presented, Passed, and P.C. (Percentage Correct).

The following shows the standing of the schools, arranged according to percentage of successful candidates: Sapperton school, New Westminster, 100.00; Central school, Vancouver, 85.00; Girls' school, New Westminster, 85.00; Central school, Nelson, 84.61; Mount Pleasant, Vancouver, 84.00; Strathcona, Vancouver, 80.00; Central school, Nanaimo, 80.00; Boys' school, Victoria, 80.00; North Ward school, Victoria, 78.26; Fairview school, Vancouver, 77.77; Dawson school, Vancouver, 68.49; Westside school, New Westminster, 62.50; Central school, Rossland, 60.00; West school, Victoria, 60.00; Girls' school, Victoria, 60.00.

Nelson Centre. Nelson School—Candidates, 13; passed, 11; Ida T. Rammelmeyer, 78; James McGregor, 77; Ernest Steele, 70; Gordon Heuston, 78; Helen Macdonald, 78; Geraldine Brown, 75; Henry Avery, 70; Hazel Gore, 75; Alice McBeath, 74; Edward White, 69; Roy McGregor, 61.

New Westminster Centre. Boys' School—Candidates, 16; passed, 14; Robert Cornwall, 80; Charles E. Warwick, 76; Victor A. McDonald, 75; Donald W. F. Macdonald, 74; Harley Akeley, 73; Arthur P. Fisher, 71; Hanley R. Gilchrist, 71; Donald E. Murphy, 70; Reginald W. Grier, 70; William F. Mackay, 67; William Turnbull, 67; Mabel J. Curtis, 64; Eowander Purdy, 64; Arthur Curtis, 64.

Girls' School—Candidates, 20; passed, 17; Eva I. Gilley, 74; Frances B. McKee, 74; Annie Cormack, 74; Jessie E. Drew, 73; Elizabeth J. Langan, 72; Eva Elley, 71; Marian E. Fletcher, 71; Vesta Bent, 70; Elizabeth G. Wilkie, 70; Mabel J. Budget, 70; Edith F. Crabb, 69; Gertrude E. Eastman, 69; Annie L. Wilkie, 68; Minnie Jagger, 68; Bessie M. Breen, 68; Katie J. McNeely, 65; Alice C. Wilkie, 65.

Sapperton School—Candidates, 4; passed, 4; H. Robert Atkins, 68; Alice Barth, 67; Emma House, 67; Ellen Harrington, 62. Westside School—Candidates, 8; passed, 5; Maria Davies, 74; Gertrude Wells, 70; Beatrice Hardman, 70; Jennie Marshall, 69; Arville Hall, 61. Anncliffe School—Candidates, 1; passed, 1; Horatio Hodder, 80.

Barnet School—Candidates, 1; passed, 0. Burnaby School—Candidates, 5; passed, 0. Cloverdale School—Candidates, 1; passed, 0. Jubilee School—Candidates, 1; passed, 0. Langley Prairie School—Candidates, 1; passed, 0. Port Moody School—Candidates, 1; passed, 0. Surrey Centre School—Candidates, 1; passed, 0. Trenant School—Candidates, 3; passed, 3; Dora L. Cook, 80; Rosetta Kerr, 74; Violet M. Ladner, 70. Tynehead School—Candidates, 2; passed, 2; Maggie Bothwell, 73; Anna B. Street, 63.

North Nanaimo School—Candidates, 1; passed, 0. Cedar I. School—Candidates, 1; passed, 0. South Nanaimo School—Candidates, 2; passed, 1; Isabel Watson, 70; Norman Campbell, 68. Governor-General—Candidates, 2; passed, 2; Kate McDonald, 63; May Fredericksen, 61. Wellington School—Candidates, 7; passed, 7; William Baker, 68; Alice M. Roberts, 62. Vancouver Centre. Central School—Candidates, 25; passed, 22; Duncan A. McKinnon, 80; Floyd L. Rimmer, 78; Samuel A. MacLeod, 78; Huber V. Steele, 70; Kenneth H. Koway, 70; John O. Neave, 70; Charles W. Wilson, 70; George C. Baker, 68; Robert Ramsay, 67; Edith Bryant, 67; Ralph Smith, 65; Caroline A. Handley, 62; William L. Hill, 62; Sarah M. Dick, 62; Mildred M. Van Sickle, 61.

Extension School—Candidates, 2; passed, 2; George Gillespie, 67; Northfield School—Candidates, 1; passed, 0. North Nanaimo School—Candidates, 1; passed, 0. Cedar I. School—Candidates, 1; passed, 0. South Nanaimo School—Candidates, 2; passed, 1; Isabel Watson, 70; Norman Campbell, 68. Governor-General—Candidates, 2; passed, 2; Kate McDonald, 63; May Fredericksen, 61. Wellington School—Candidates, 7; passed, 7; William Baker, 68; Alice M. Roberts, 62. Vancouver Centre. Central School—Candidates, 25; passed, 22; Duncan A. McKinnon, 80; Floyd L. Rimmer, 78; Samuel A. MacLeod, 78; Huber V. Steele, 70; Kenneth H. Koway, 70; John O. Neave, 70; Charles W. Wilson, 70; George C. Baker, 68; Robert Ramsay, 67; Edith Bryant, 67; Ralph Smith, 65; Caroline A. Handley, 62; William L. Hill, 62; Sarah M. Dick, 62; Mildred M. Van Sickle, 61.

Dawson School—Candidates, 39; passed, 35; Kathleen Alcock, 79; May Foster, 74; Claude Purdy, 70; Cosy Thornton, 70; Leon Edwards, 74; Charles E. Barker, 74; George C. Baker, 73; Phillip Birkett, 71; Bertie Cope, 70; James R. Craig, 68; Edith Stewart, 64; Florence Urquhart, 63; Percy Jones, 68; Evan Mackenzie, 67; George Coles, 68; Olive Edwards, 64; William Lees, 65; Lawrence G. Ledwell, 67; Violet Nickle, 65; Benjamin Edgar, 65; Edwina H. Scott, 62; Rose Parsons, 60; Edward McAllister, 64.

Central School—Candidates, 25; passed, 22; Duncan A. McKinnon, 80; Floyd L. Rimmer, 78; Samuel A. MacLeod, 78; Huber V. Steele, 70; Kenneth H. Koway, 70; John O. Neave, 70; Charles W. Wilson, 70; George C. Baker, 68; Robert Ramsay, 67; Edith Bryant, 67; Ralph Smith, 65; Caroline A. Handley, 62; William L. Hill, 62; Sarah M. Dick, 62; Mildred M. Van Sickle, 61.

The city council held an unusually interesting meeting last night, and transacted some important business, among other things discussing an increase in taxation of two mills...

In the "hager business," Ald. Vincent observed that the council was hagered enough. The writer will be informed that the council doesn't want the hagers.

The city clerk reported that he had learned that in the majority of the coast cities an ordinance was in force compelling cyclists to carry lamps at night. Received and laid on the table to be taken up when the by-law is dealt with.

The water commissioner wrote as follows: His Worship the Mayor and Board of Aldermen: Dear Sirs—As the public mind has been considerably stirred over the new regulations that have lately been put in force regarding the hours of sprinkling, and as an opportunity to lay before the council, and through them the ratepayers at large, a statement of the actual state of affairs regarding the waterworks of the city...

There is still a fourth alternative: under the provisions of the Esquimaux Water Company's Act, the company is compelled to deliver at any time when required by the city, at some point on the Victoria Arm, within the limits of the city of Victoria, into the water mains of the city of Victoria, under a pressure of not less than 110 lbs. to the square inch, up to the amount and for the period specified, as will satisfy the needs of the corporation of the city of Victoria, the corporation paying the company at the rate of 6 cents per one thousand gallons of water...

I make no pretensions to any knowledge of engineering, and the above conclusions have only been arrived at after many long consultations with Mr. Preece, the foreman of the waterworks engineer, who could give an expert opinion on all the points raised, and which would carry infinitely more weight than any abstract ideas that I could put forward, and I am, dear sirs, Yours truly, J. L. RAYMUR, Water Commissioner.

Ald. Barnard, moved, seconded by Ald. Worthington, that the communication be referred to a committee of the whole council. This was carried.

The city engineer in his regular report recommended that a crossing on Fisgard street be provided by the property owners interested as requested by Messrs. Hooper and Watkins. Adopted.

Tenders for painting the city hall roof were read as follows: Messrs. H. H. H. & Co., \$233; E. A. Lewis, \$118; E. Keown, \$100; Halpenney & Mellor, \$220; J. W. Mellor & Co., Ltd., \$390. The contract was awarded to the lowest bidder, Halpenney & Mellor.

The finance committee recommended the appropriation of \$5,615.90 for the usual purposes. Adopted.

The committee appointed to deal with the question of a site for the Carnegie library reported as follows: July 19th, 1902. To His Worship the Mayor and Board of Aldermen:—Your special committee appointed to deal with the matter of a plebiscite in respect of the several sites belonging to the corporation which are available for the Carnegie library, beg to submit herewith a list of such sites, numbered 1 to 7 in the list appended hereto, as in the opinion of the committee are available for the purpose.

Your committee would therefore recommend that the pieces or lots of land mentioned in said list be the sites to be submitted to the voters of the city, in view of the fact that your committee have reason to believe that other sites than those submitted, which are in a central position, would form very eligible sites, may be obtained for a reasonable sum, your committee suggest the desirability of submitting along with the list of sites above mentioned the following question for the decision of the voters, viz.:—"Are you in favor of deferring the building of the Carnegie library until next year, when the council may be in a position to purchase a site out of current revenue, which will be more central than any site belonging to the corporation, at present available for the purpose of the proposed library building?"

The sites named are: Lot 1 of 70, corner of Government and Wharf streets; Rocky Point, southeast corner of James Bay bridge and Government street; lots 4 and 5 of 3, Beckley Farm, Niagara street; lot 318, block 11, Yates street; the city number station; the point lots, corner Chambers street and Queen's avenue; waterworks lots, Pandora and Chambers streets; and flats, east side of Government street.

Ald. Worthington moved that the last clause be struck out. The ratepayers had already decided that they didn't want to buy a site. Ald. Barnard seconded the motion, and said that the time had arrived when something should be done in this direction—the subject was becoming like the bridge matter—something what.

Ald. Williams, in moving the adoption of the report read Ald. Barnard a little lecture on dealing with the public. He also reproved the council for the way in which it had referred the question of site to the ratepayers. It had asked for \$15,000, when \$7,500 would have been enough.

The clause was unnecessary, as the ratepayers had voted against it.

Ald. Cameron, one of the committee, had signed the report in order to bring it before the council. The water was in favor of it as a whole, as there may or may not be funds next year.

Ald. Kinman supported the view urged by Ald. Williams. Ald. McCandless considered that it would be ridiculous to submit to the ratepayers any but four of the sites named in the report. These were at the flats, corner of Government and Wharf streets, the old pumping station, and on Pandora street. In his opinion the site should be as central as possible, near the city hall. It would be folly to spend \$5,000 on an institution which on some of the sites mentioned would one day be outside the best part of the city.

He had been assured by a number of citizens that had they understood the matter as they did now they would not have voted against the by-law providing for a site. He also contended that the press and public at large had not taken the matter up strongly enough. In reply to the last speaker, the city solicitor explained that the by-law was an informal matter, and was allowable under the act for the convenience of the council.

Ald. Barnard disputed the statement that the press had not taken the matter up very strongly. Both papers had dealt with it editorially on several occasions, and the vote on the by-law was in line with the views expressed by them.

The Mayor thought that next year the council would have \$8,000 or \$10,000 available for a site. This year there was about \$30,000 extraordinary expenditure which will not be required next year.

Finally, after some further discussion, Ald. Barnard's motion was put and lost. The clause was allowed to stand. The question was then discussed at length and a number of sites named were struck out—the point site lot on Niagara street and the one on Pandora street.

The report was then put as amended and lost on the following division: Ayes—Ald. Kinman, Williams, McCandless and the Mayor. Nays—Ald. Cameron, Worthington, Vincent and Barnard.

Ald. Cameron's by-law regarding the city's share of the cost of prolonging Broad street was then introduced and read a first and second time. The Revenue Tax By-law was then taken up in committee. Ald. Cameron explained that owing to the extra expenditure required this year an increase of two mills was necessary.

Ald. Kinman, McCandless and Williams opposed the increase. The by-law passed nevertheless. The council then adjourned.

The Philadelphia Public Ledger was yesterday purchased by Adolph S. Ochs. The purchase includes all the Public Ledger estate, comprising about half a block of improved property on Chestnut and Sixth streets, facing Independence hall. The price is not made public, but it is stated on good authority to be over two and one-quarter million dollars.

The price is not made public, but it is stated on good authority to be over two and one-quarter million dollars.

The Philadelphia Public Ledger was yesterday purchased by Adolph S. Ochs. The purchase includes all the Public Ledger estate, comprising about half a block of improved property on Chestnut and Sixth streets, facing Independence hall. The price is not made public, but it is stated on good authority to be over two and one-quarter million dollars.

PAMINONDAS, being asked which of three men was greatest, replied "You must see them die before you can answer." In other words, the end alone decides. Even so simple a thing as a cup of coffee can never be correctly imagined; it must be drank to know it. You read about Chase & Sanborn's coffee; but merely try a single cup of it and you drink nothing but Chase & Sanborn coffee thereafter. By the way, have you ever tried it?

The Daily Times. (Published every day except Sunday) Times Printing & Publishing Co., JOHN NELSON, Manager. Office: 20 Broad Street. Daily, one month, by carrier, 75c. Daily, one month, by mail, \$1.50. Double a-Week Times, per annum, \$1.50.

than they would to a crisis affecting the future of the large part of a continent. It was over this, Human nature changes but slowly, if indeed it changes at all. It is a hopeful sign, however, that there are but few states in the American union in which such a fight could be "pulled off," being against the law. The "fancy" are not as popular in England as they were half a century or so ago, we think, although we read a few days ago in a copy of the London Times a hundred years old that an agitation had been commenced in the metropolis to put down prize-lighting.

THE WATER WORKS. Our water commissioner has at last been frank with the ratepayers and has given reasons for the shortage of one of the prime necessities of life in a city with such an abundance of water as ours. The chief complaint is that the directions in the surrounding country. It is admitted mistakes have been made in the construction of the water works. Practically two remedies are suggested—an increase in the volume of supply by laying a larger main pipe or a decrease in the consumption by increasing the allowance to consumers. In either case a considerable expenditure will be necessary. It would cost a great deal of money to place a meter upon every service, and after the check had been imposed the labor of reading say four thousand meters would entail a considerable annual charge upon the ratepayers. If the capital this annual charge for meter reading would represent the interest upon were added to the original cost of meters we are afraid the feasibility of the scheme would appear exceedingly doubtful. The chief complaint, we think, is to supply an abundance of water at a minimum cost. Under the proposal we are considering the object to be attained would seem to be a minimum of supply at the maximum cost. The question is, if that project were carried out, what would the effect be upon the appearance of a city one of the chief attractions of which is its beautiful lawns, large gardens and its profusion of flowers? Our residents are induced to attend to and cultivate these features as a pastime, and because they can do so without adding materially to their household expenses. One result of the adoption of a system of measurement would appear to be inevitable: the chief glory of Victoria would depart—a brown, dry, unattractive desert would soon succeed one of the beauty spots of the continent. Those who take a pride in the appearance of their grounds and of the city would be taxed for their labor and their pains, while others who care for none of these things would probably contribute less to the city revenue than they do at present. We think, therefore, the remedy for the present unsatisfactory state of affairs does not lie in an increase of the cost of maintaining the works, but, if possible, in a decrease, even if it be necessary to adopt such a scheme as that adopted in Santa Rosa, California, where the water works are not operated as a separate municipal service, the collection being made in the same manner as the general rates. Ultimately tenants would bear the burden just as they do at present.

As to the suggestion in the report of Mr. Rayner that Providence is censurable for the meteorological conditions that prevail here, we heartily concur, especially as no defence is likely to be entered. But the rainfall is about the same now as it has always been in this neighborhood. Why was an allowance not made for it when the system was planned? There is no doubt that it must have all the water necessary to make Victoria clean, healthy and attractive. The population is increasing and the supply of water must be increased in proportion. We believe one of the great scientific authorities of the continent has already reported that there is plenty of water at the present sources of supply for a great city—that it is merely a question of the proper means of getting the water to the place of consumption. Let that report be brought forth and studied again. The question is a momentous one and must be taken up and permanently settled before long.

THE M'ADAMS CASE. The Times is of opinion that the "penalty would have fitted the crime" in the M'Adams case had the court sentenced the newspaper man to one week's imprisonment, or at the very most to one month. There are recent precedents for one month's imprisonment for contempt of court in consequence of newspaper criticism, notably those of Senator Ellis, of Montreal, N. B., and Mr. Hawke, of Moncton, N. B., but we do not remember one for nine months, or perhaps twenty-one months, incarceration during the last quarter of a century. Mr. M'Adams was within his right in criticizing the administration of justice, but he allowed his zeal in the particular case in question to get the better of his judgment, and he went far beyond criticism. We think he must now fully recognize that he made a mistake, and he should be willing to tender such an apology as would be deemed adequate by the Chief Justice and his colleagues. If he does that, we have no doubt the Minister of Justice would take his case into consideration at once, and that, upon the recommendation of the sentencing court, his term at the Twiss avenue institution would be reduced from months to days.

THE MANLY ART. It is announced that Champion James Jeffries is in superb condition for his great bout with Robert Fitzsimmons, Esq., on Friday, at what hour of the day we have not been induced by curiosity to find out. Not that we are not interested in the great "go." A contest of "champions" is always interesting to the great majority of the human family, whether the event be brought off in the field, in the waters or in the fistic arena. We must be candid about this thing, because honest confession is said to be good for the soul. We fancy that thought must have occurred to the clergyman we once heard confess that he would peek at a prize fight through a keyhole if he thought no one were looking. Yet we must be candid again and admit that prizefighting as distinguished from boxing is a most brutal sport, that the professional ring is patronized and supported as a rule by a class who are the reverse of a credit to any community and that the loss to the world would not be irreparable if the two champions who are to meet in San Francisco on Friday were carried from the ring to the cemetery which would be profaned by their dust. The city is that they are not likely to hurt each other very seriously. It is more than probable there is an understanding and that the whole game is a scheme to gather in a few thousand shekels from a public which is delighted with a "bumping" as it was in the days of P. T. Barnum. Nevertheless, a good many of us read the daily reports sent out about the condition of the men and a great many more of us will rise early in the morning to scan the reports of the "battle." All the great details will have representatives on the scene and will devote more space to the city

to enter into partnership with a private concern in the work of watering the streets, however desirable it may be to secure the establishment of salt water baths. "City sports" when they have been hounded off all the enclosed land on the Island by farmers who have suffered losses through the carelessness, and sometimes worse than carelessness, of some of their number, may console themselves with the reflection that they have a magnificent game preserve of their own in Mount Douglas Park. It would not do to let them all loose on the preserve together, however, or they would soon clear it out of game. Then the city may take a notion to fence it in and forbid shooting within the precincts. We are really afraid there is nothing for the hunter to do but "take to the woods," where the bears and the wolves will get him if he "don't watch out."

YUKON TRADE. To the Editor:—I note amongst your items in Saturday's issue the closing of the White Pass & Yukon offices at Victoria and Vancouver owing to lack of business at these points, and in to-night's issue: 1st. The sending of a government representative from Ottawa to the Yukon on trade matters; and 2nd. The Yukon Sun taking the White Pass & Yukon to task for not sending in 10,000 lbs of staple merchandise at a low rate of freight as promised for the small dealers, and the subsequent buying by the small merchant from the large companies in Dawson as against Victoria and Vancouver merchants. Let us look at this question for a moment. We will say the Northern Commercial Company's buyer and a buyer for any wholesale grocer in Dawson, bought at the Eastern markets together and buy, we will say (as an illustration), canned corn for \$2 per case, costing here, with freight, say, \$2.50 at the coast. The coast merchant, content to do business at 20 per cent, will charge the Dawson merchant \$2.75. The rate on canned goods to Dawson via the W. P. & Y. is \$4.25 per 100 lbs., and, for freight, say, \$1.00 would mean, total cost at Dawson, \$4.75 per case, without including insurance, interest, warehouse in Dawson, drayage, etc. Now, then, the N. C. Company go to that same merchant in Dawson and say: "Here is our invoice of corn bought at \$2.50. We will deliver this as you want it plus 10 per cent, \$2.75, plus 25 per cent, freight by St. Michaels, or \$3.75, at 10 per cent, or a saving of 62c. per case, without including per cent, exchange on draft, insurance, 2 per cent, etc. This applies to all staples and all classes of goods, except perishables, which must of course go over the pass. If the White Pass & Yukon, with their 1,000-mile railway trip to Skagway, 112-mile railway haul, 90 miles of coast, 100 miles, and 400 miles down stream by steam, made in 30 hours, can't compete and deliver rates against the coast, the coast company's ocean steamer route to St. Michaels, 2,200 miles to the coast, and Eastern Canadian merchants (outside of a favored few who get a little of the N. C. company's trade) will be glad to sell to the Yukon trade. What do we see today? Northern boats going out with almost nothing, who a few years ago they were loaded to the guards. I was sorry to see at the annual meeting of the board of trade such a grave question entirely overlooked. What, I ask, are we going to do about it?"

PROVINCIAL NEWS. BANAIMO. A party of thirty-one members of the Church Lads' Brigade arrived here last evening from Vancouver under charge of Rev. Mr. Ho. They will spend ten days under canvas on Newcombe Island. REVELSTOKE. The C. P. R. having granted a recreation ground at a meeting held last week it was resolved to form the Revelstoke Athletic Association. The following officers were appointed: General Superintendent Marpole, P. Burns and Thomas Taylor, M. P., patrons; T. Kilpatrick, honorary president; G. S. McCarter, honorary president; M. J. O'Brien, president; Grant Hall, A. J. McDonald, A. McKee, vice-presidents; B. Lawson, secretary-treasurer; T. E. Taylor, C. B. Hume and C. H. Temple, trustees. GREENWOOD. Ida Maude, the wife of W. H. Norris, J. P., Midway, died in the Sacred Heart hospital in this city on Monday, July 14th. Mrs. Norris had been ill at their home near Midway for nearly a month, when it was decided to remove her to the hospital. Her malady did not yield to the careful treatment she received and on Monday she died from the exhaustion incident to her illness. The late Mrs. Morris was a daughter of Mrs. Kirkland, of Ladner. Her mother and brothers live at that place. She was formerly a school teacher and taught at Midway for sometime up to 1890. KASLO. The body of Baxter S. Hardin, mining engineer and assayer at the Keston-Summon mines, who was accidentally drowned on Friday last at Woodbury creek, will be shipped East to relatives in Lima, Ohio, by J. R. Rogers, copartner, Portland, that deceased was carried down over several rapids and was found near the mouth of the creek. Deceased was 30 years old. A curiosity is being exhibited in Kaslo. It is a live mountain goat, which was captured the other day by Theo Adams of this city. W. H. Powers's packing camp at McGuigan basin, which was the scene of the disastrous slide early in the spring, has been built up again and the camp is very busy, keeping five sets of four horses teaming from the Rambler mine, which is now shipping full capacity again. The new municipal clauses act is causing a discussion amongst people here, as it is rumored that the council are contemplating enforcing the tax on insurance agents and on agents for loan companies, \$75 every six months. The ore shipments through Kaslo last week were as follows: Rambler to Everett, 12 1/2 tons; Whitewater to Nelson, 62 tons; and Slocan Star to Everett, 21 1/2 tons.

SENSATIONAL SUICIDE. Ended His Life in Presence of the Girl Who Refused to Marry Him. Cleveland, July 21.—Frederick Morrison, 37, Smith, Ct., while riding in a carriage on Miles avenue with Miss Mary Cowley to-day drew a revolver and fired a bullet through his brain that resulted in his death shortly afterward. Morrison's refusal to marry her was the cause. FARMER SHOT. St. Joseph, Mo., July 21.—Alfred M. Fenton, a wealthy farmer of Rushville, Mo., was shot on the streets of that village by Mark Dunn last night. Dunn, who is a well-known local politician, was arrested. Escaping from the officer, he secured a shotgun and shot Fenton, who was passing in a buggy. Fenton died this morning. During the demolition of some outbuildings at Barton, in Lincolnshire, a workman found the dead body of a rat which was built into the wall. The animal, which was completely petrified, must have been imprisoned fifty years ago, when the buildings were erected.

RETURN ENGAGEMENT. Pollard's Juveniles Will Play Another Season in Victoria. Pollard's "Knicker" have not left yet. After the crowded and enthusiastic home which marked the last night of the season, efforts were made to persuade Mr. Pollard to return to the return of his large and cheerful family to Australia until the next steamer, and yesterday Manager Jamison received a wire from Vancouver to the effect that this arrangement has been made. The juveniles will play in one or two of the smaller towns, and will return here on August 11th, and play for a week at the Victoria Theatre.

In the police court this morning a young man named Wm. Shuett was fined \$10 for having assaulted a boy. The trouble originated over a bicycle collision on the James Bay bridge...

The provincial police located a deserter from the U. S. warship Aurora in the city yesterday. The man was not arrested, however, as the United States consuls here advised the police that he could not be held on the other side if he was taken over.

Cheap excursion to Seattle next Saturday, Sunday and Monday; \$1 for adults, 50 cents for children. Tickets on sale all day Friday and Saturday and returning on Sunday morning...

The hearing of the third charge laid against Col. Granville H. Hayes, of the Nainimot Hayes case, by Judge John Irving, was adjourned in the police court this morning until the 26th inst., on account of the absence in Vancouver of Messrs. Peters and Duff, counsel for Col. Hayes.

It is understood that, under the provisions of the Public School Act, soldiers at Work Point who have children attending the school are entitled to vote for school trustees. At the recent election at Esquimalt five votes of members of the garrison were challenged on the ground that they did not reside in the district.

The Capital City and Wanderer intermediate teams are practicing steadily in preparation for the struggle on Saturday. The Wanderer aggregation has been augmented by several of the Fernwood team. On the other hand the Capital City boys have improved wonderfully since the commencement of the season, and are depended upon to put up a good game.

The following communication has been received by John Fanning, curator of the provincial museum: Victoria, B. C., July 16, 1902. John Fanning, Esq., Curator Provincial Museum: Dear Sir:-I am instructed by the executive committee of the Tourist Association to convey to you their hearty thanks for your kindness in keeping the museum open for visitors after hours, and on last Sunday afternoon.

When it is found impossible for the mother to nurse her baby in the hot summer weather, it is well to know that Lactated Food is a perfect substitute for the mother's milk. This life-saving food is relished by the babies when milk and other dangerous foods cannot be tolerated by the weak stomach. Lactated Food should be used by every mother who would have her baby strong and happy.

TELEGRAPHIC TICKETS. The 25,000 New York garment workers who struck on Sunday for higher wages and shorter hours, were joined yesterday by about 15,000 others, who asked that 50 hours be considered a week's work.

Admiral Crowinshield left Christiania, Norway, on Sunday for Chatham, England, with the European squadron, consisting of the Chicago, San Francisco and Illinois. The latter will go into dry dock at Chatham on her arrival. The admiral will arrive in England in simple time for the coronation ceremonies, August 9th.

HOW LOCAL POLICE NEARLY MADE A RAID Somebody Had Leaked, However, and the Gambling Den Was Closed - Warrants Were Ready.

The police nearly made a raid last night. If circumstances had been favorable the station on Cormorant street would have been over-crowded with bequeathed guests. The idea was to catch Chinese gamblers red-handed, to make a huge scoop, and thereby suppress for a temporary period at least one of the most notorious Chinese gambling resorts in the city.

In the first place those from whom the police gained their information refused to enter the place, claiming that their countrymen would kill them. But even had the raid been made nothing would have been gained by it, simply because the den was closed. Somebody had leaked and wily old adroit had some other place of amusement for the evening. The gambling resort referred to is situated on Esquimalt street, and has been raided before. These sudden raids are always effective for a while, but gradually fan tan, chuck a luck, pie go and other outfits are taken down from the shelves to which they had been temporarily relegated, and play is resumed.

Some time ago the police made a big haul of Chinese gamblers on Esquimalt street. Their place was entered on Sunday and they were caught in the act. Thirty-nine of them were brought before the magistrate and the municipal exchequer was enriched by more than seven hundred dollars, while some money that was seized in the raid was confiscated. Even had the police entered the place last night, which they could have collared the whole bunch of Celestials in the place they would not have been able to distinguish the men for whom they held warrants unless someone was there who knew them. It was their informant showed the white feather.

The police commissioners have restored the fat against gambling, the chief being instructed to abate the practice as far as possible. Certainly the practice at 413 Esquimalt street was not abated, and as sure as there is a Chinaman in Chinatown it will resume more than a periodical raid to stop gambling within the boundaries of the Chinese quarter in Victoria.

FRUIT GROWERS. Quarterly Meeting of Association Held at Kamloops - Expert Packer to Be Engaged.

The quarterly meeting of the B. C. Fruit Growers' Association was held in the court house at Kamloops on Wednesday afternoon. President J. C. Metcalfe, of Port Hammond, occupied the chair. The president pointed out the importance of properly grading and packing fruit for shipment to markets, especially to the Northwest, where it was brought into direct competition with the well-packed California product.

The executive committee recommended that Wm. Jenks, of Salem, Ore., be engaged as expert packer; that the itinerary of the expert packer be left to the president and secretary to arrange; and that Mr. Metcalfe be requested to go to the Northwest in charge of the exhibit of fruit to be sent to the Western Horticultural Society's exhibition. These, as well as several other proposals, were adopted.

T. G. Earl gave an instructive address on marketing and transportation, in the course of which he stressed the importance of the fruit they can to the Northwest this year. It must be properly graded and packed and sent in large quantities if they intend capturing that market, which is now largely in the hands of American shippers. Proper ventilation of cars is essential in putting fruit on the market in good condition.

The Northwest is our market, and if properly looked after will build up this province. He alluded to the lukewarmness of growers in learning how to pack properly. An expert packer will be sent through the province this year, and as this should be done every year people should learn now.

R. M. Palmer delivered a short though interesting address on grading and packing. It was his superior packing and careful grading that secured a hold on the markets for California fruit. British Columbia must establish a reputation in order to displace California fruit in the markets where it is established. All the fruit we can raise is only a drop in the bucket in the Northwest market; to keep pace with the demand larger orchards must be planted.

H. Davis suggested teaching packing to selected school children, and putting shipments to Australia, and mentioned the northern mining camps as markets which we should reach but which are now controlled by American shippers.

THE DEMON OF ALL DISEASE - Kidney diseases rightly so-called - are innumerable, unaccountable and insidious. It is the function of the kidneys to filter out of the blood all the poisons which the American Kidney Cure will put them to rights and defy the ravages of so grim a visitant as diabetes or other kidney complications. It relieves in six hours. Sold by Jackson & Co. and Hall & Co.-118.

White haired people sometimes have black eyes.

SHOE EMPORIUM, Corner Government and Johnson Sts.

LEGAL NEWS. The Genelle Case Is Again in Court This Morning.

Judgment was given by Mr. Justice Walker this morning in the case of Beaton vs. Marshall, dismissing the action with costs and reserving the question of the defendants' counter-claim. J. H. Lawson, Jr., for plaintiffs, H. B. Robertson for defendants.

No motion was made for judgment in Dookings vs. B. C. Electric Railway Co., as expected. The case of Macrae vs. Holmes was tried before Mr. Justice Walker this morning. The action was brought by the executor of the late Geo. Macrae on a promissory note made by the defendant for \$200. Judgment was given in favor of the plaintiff with costs. J. H. Lawson, Jr., for plaintiff, J. P. Walls contra.

The trial of Collister vs. Hibben was adjourned, owing to the absence of L. P. Duff, K. C., counsel for the defendants. It will take place one day to be fixed on two days' notice.

In Chambers this morning Mr. Justice Drake granted an order nisi for a writ of habeas corpus on behalf of Joseph Genelle. The order was made returning a short time ago by the chief justice on condition of his submitting to a rearrest in case a new warrant should be issued from Dawson. The charge on which Mr. Genelle is wanted in Dawson is of complicity in the burning of two steamers on the Yukon in which he was interested. He was arrested first on telegraphic instructions, but was admitted to bail by Mr. Justice Walker. He was next arrested on the authority of a warrant from Dawson, but the chief justice held the warrant to be faulty, and again released him. Sgt. Marshall, of the N. W. M. police, having arrived with a fresh warrant, Mr. Genelle came down from the upper country to submit to arrest. Messrs. Tupper, Peters & Griffin are more attempting to have him liberated, the chief ground of the application being that there is no authority to keep a prisoner in custody while passing through American territory, as is necessary in this instance. W. H. Langley is appearing for the crown.

MANY MORE FIRES. Fire Department Are Having Very Busy Time These Days.

These are busy days for the Victoria fire department. Since 3 o'clock on Sunday morning there have been at least twelve alarms, and from present indications it would seem that July is in for a record breaker. Yesterday afternoon at 4 o'clock an alarm from box 54 took the department to Johns Bros' barn, King's road, where a large quantity of hay was consumed. The damage amounted to about \$150.

This morning shortly before 11 o'clock fire broke out at the residence of W. M. Chudley, on Rae street, just above Douglas. When the department arrived they found the house in flames. The fire was extinguished in about ten minutes.

FIRE? NO! BUT Reduced Prices in Suitings, Etc. For two weeks. Call early and make your selection AT Peden's, Merchant Tailor, 35 Fort St. Successor to Geo. R. Jackson.

THE CELEBRATIONS. Arrangement Reached Between the Societies and Lacrosse Team As to Grounds. Indications are that the programme of attractions for the celebration of the Coronation of King Edward VII. and Societies' Day on August 9th will be a grand one, varied and entertaining. The outline of the events that will probably mark that occasion has already appeared in these columns. Since that time the Victoria Bay Athletic Association have decided to hold their annual regatta on the morning of that day, making another feature of the festivities. An elaborate programme is being drawn up for this event, which will be held on the harbor course. Together with a lacrosse match in the morning, this will make a simple amusement for visitors, while the societies' reunion sports at the Caledonia grounds in the afternoon and the illumination, band concerts, etc., in the evening will keep pleasure-seekers employed throughout the day.

J. W. Sexton, the secretary of the reunion committee, informed a Times representative this morning that the little misunderstanding in regard to the Caledonia grounds had been settled by the courtesy of the Victoria senior lacrosse team, who have agreed to play the championship match with Vancouver in the morning on August 9th, the general committee of the societies' reunion undertaking to make good any loss that might occur to the lacrosse team. Mr. Sexton, however, does not anticipate that there will be any loss, as he states there is bound to be a big crowd in town at that time, and the visitors who want somewhere to go to in the morning, notwithstanding the fact that the J. R. A. will be holding their regatta in the harbor.

Mr. Sexton, representing the societies' reunion committee, consisting of J. W. Sexton, Phil R. Smith and A. E. McEneaney, waited upon the Mayor and council last night to ask the city council to use the balance of the money voted for the Coronation Day previous to the King's illness in illuminating and lighting the streets, etc.

The Alaska S.S. Co., as previously mentioned, will give cheap rates from Seattle, Port Townsend and Port Angeles on August 8th and 9th, good to return on either Sunday or Monday, the 10th and 11th. Fare will be \$1 for the round trip.

Lots of fun at the grocers' picnic, Wednesday, July 23rd. \$4.00 in prizes for races and games. Sport of all kinds for everyone.

The Hutchison Co., Ltd., Victoria, B.C.

PERSONAL. Rev. John Field, of Hazelton, was among yesterday's arrivals from the North by the steamer Tux. Commissioner and secretary of the Victoria Chamber of Commerce, Mr. Field, in conversation this morning, said that so far this season the number of tourists passing through Hazelton on their way to Omineca was very small. He is of the opinion that the district, detracting to any extent this year. Hazelton, he said, is a quiet little village, the arrivals of river steamers, Indians, and parties of miners being the only incidents which caused any perceptible increase in the activity of the place.

Last week's visitors to the Strathcona hotel, Shawnigan, follow: Mrs. John Hill, Mrs. J. H. Green, Mrs. J. H. Green, Mrs. Misses Harrison, Miss W. J. Gabriel, Lieut. Lovell, Mrs. Loxley, R. E.
